PRESIDENTIAL RAMBLINGS

Hello All,

Well last months meeting was well attended despite not having prior notification in the form of a newsletter. Fall out from the last AGM, and the subsequent lack of an EDITOR so anyone with a little bit of spare time would be warmly received if they came forward. Until then you will be punished with a double dose of my ramblings.

There seems to a high turnover of P76's in the area of late, with a few in town for sale, and Michael Livingstone buying others in bulk then selling, half of them.

Hopefully with the winter weather on the way out, the weekends will improve, and the club will be able to participate in and possibly organise a few motoring activities.

Hope to see you all at the meeting on Monday.

Alex.

Parts query from Ed regarding the quantity of badge inserts still held by the club, will have to check with David.

Col said that he plans to collate all the tips and hints from all the various club newsletters over the years, into a single publication, or did he say he was going to

create an index, I wasn't paying enough attention.

Peter J said he was in the process of constructing a club web page.

Christmas party venue discussed, the following venue was booked.....for 7.30pm

The Ten P76 Commandments

1. Thou shalt not store the P76 outdoors, especially near the ocean.
2. Thou shalt not covet thy neighbours P76 nor his/her garage, tools or workshop manuals.
3. Thy shalt not love thy P76 more than thy wife or husband: as much, but not more.
4. Thou shalt not read workshop manuals on company time, lest the company make it difficult to continue the car repayments.
5. thou shalt not despise thy neighbours Porsche, nor his Mercedes, nor even his 4WD.
6. Thou shalt not let thy sons or daughters marry during the holy days of the GMC400, Bathurst or Targa Tasmania.
7. Thou shalt not deceive thy partner into thinking that thou art taking them for a romantic Sunday drive, when indeed thou art going to look at another P76.
8. Thou shalt not buy thy spouse a trolley jack or a set of spanners for Christmas or Birthdays.
9. Thou shalt not tell thy spouse the entire cost of thy latest repair or restoration, at least not all at the same time.
10. Thou shalt not promise thy spouse a new addition to the house, and then use it to store thy P76 and spare parts.

It is in fair condition with a small amount of rust blisters in the bottom of the passengers front door. There is a small amount of surface rust under the boot mat. But NO rust in the chassis rails, the battery tray, under the rear window or any of the other usual places.

The car starts perfectly with no noise from the ring gear. The auto choke works correctly. 2 Small parking lot type dents in one in each front guard. The top of the rear seat and the drivers seat are both torn.

The only minus is the sills and the rest of the bottom of the car is knocked about, a bit to much off road work.

Offers around \$1000
