# Editorial

The Highlands Motorfest at Chevalier College Bowral was another well organised family event; so many activities on this day. (More details further on in this newsletter.

We received news last month that the "Wings Over Illawarra Air & Car Show" will not be held in February 2012. the date has been changed to Sunday 6<sup>th</sup> May 2012. This is due to the fact that February clashes with the Avalon Air Show and from now on "Wings over Illawarra Air & Car Show" will always be held on the first Sunday of May each year.

The 37<sup>th</sup> Berrima Rally will be held again next year and the dates are Saturday 11<sup>th</sup> and Sunday 12 February 2012. I can recommend that all the Berrima clubs are a great lot of friendly motoring enthusiasts and are admirers of the Leyland P76.

It is getting close to Xmas and our Xmas Party Night on 21 December 2011 should be a good social night, so don't forget to bring along a plate of nice food and a gift for our free raffle. A newsletter will be sent out in December prior to our meeting night on 21 December.

Well that's it for now.

Joe Green

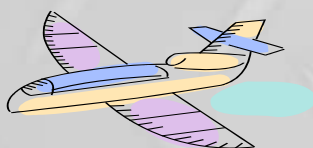

## Thanks To

P.O.B. (Peter O'Brien) for his technical tips at our last general meeting.  
National website for fro Cover Photo..... [www.leylandp76.com](http://www.leylandp76.com)

## Please Note

The 2012 National Meeting will be held in Queensland at Easter. Entry form and details included further on in this newsletter.

## Bon Voyage

To Ken and Gail Halstead who have just left Australia for an overseas holiday

# CHEVALIER COLLEGE MOTORFEST

## BOWRAL SHOW & SHINE 2011

This is another event that focuses on family entertainment as well as great cars. Sue and myself had an enjoyable drive to this venue as we went across country via Appin, Broughton Pass and Wilton. This is a very comfortable drive even though the road is very winding with a few interesting hair pin bends. We did strike some light rain on the way down, however it had ceased by the time we arrived at the college at about 9.30am. The grounds were very full as the cars had been arriving since 7am.

During the morning we caught up with Ken and Gail Halstead who are leaving for an overseas holiday to Europe on Tuesday 1 November and we wished them both a safe and happy trip. (Luckily they are flying with British Airways).

I have noticed that most of the out of Sydney country shows seem to be catering more and more for families which is great as it encourages the younger generation to take more notice of our classic veteran and vintage cars.

There were so many activities going on all day; championship wood chopping events, a Jazz band (they were great), a trash and treasure staff, silent auction, arts and crafts, model cars, car boot sales, motoring books, BBQ, tea, coffee and scones stalls, jumping castle, cars for kids similar to dodgem cars, old machinery exhibition, merry go round, etc. etc.

The Southern Highlands Morris Minor Club must be congratulated on their efforts as their organisation is terrific. The cars on show ranged from Morris Minors, Austin's, Mini Minors, all models and types of Chevs and Fords and Holden's, MGs, Ford Escorts, Rovers, Camero's, Mustangs and much more.

During the day we met up with Ron Jones, a very enthusiastic MG owner whose car is outstanding and also Brian Johnston who owns an Immaculate Mini Cooper S, a great car. They attend most of the outer Sydney shows and it is always good to catch up with them and have a chat about our cars.

The display of vehicles is incredible and this year there were a large number of trucks and also a great World War 2 Army Blitz that looked terrific. The display of motor bikes was also outstanding comprising of the older models to the latest.

The sun was shining all day and at about 3.30pm we headed off home after another top day.

Joe Green

# P.O.B.'S TECH TIP

At our last general meeting Peter O'Brien (P.O.B.) gave the members an interesting talk about the problems that motorists of either modern cars or classic veteran or vintage cars are having.

If you do not drive or start up your engine regularly, that is say if you do not drive it for either a fortnight or a month, the fuel in your tank will start to go off and go stale. This could cause your vehicle's engine to be hard to start and will not run correctly and can cause corrosion in the fuel tank, a problem with the fuel lines and also the carby.

If your car has not been in use for a long time and has 40 litres + in it you should drain out most of it and leave about 5 to 10 litres in it or drain it all out.

It is best if you begin with fresh fuel about 5 to 10 litres. You then use an additive to prevent any corrosion. It is advisable to use STA-BIL in your tank; this is a good product and will assist in preventing the problem of stale fuel if your car is not used on a regular basis.

STA-BIL is available from most auto shops, however P.O.B. Is not promoting this brand as there are many other additives available to consumers.

It is also a good idea to use premium fuel in your car. Stale or bad fuel in your tank can also cause the sender unit to corrode and seize up, thus causing another unnecessary expense.

Another good idea is from time to time put a small amount of methylated spirits in your tank so as to absorb any water. This is a good tip that may save you many problems and we thank P.O.B. for bringing it to our attention.

*Written by – One of the members who was at the last General Meeting.*

Here is an Example that I pulled out of my car a few weeks ago...  
It was just reading Full Tank all the time & its rusted in position cannot move it at all....  
Troy

**Minutes of the Leyland P76 Classic Car Club held at the Sans Souci Literary  
Institute on Wednesday 19th October 2011**

Joe Green opened the meeting at 8:10 pm. Members in attendance as per the attendance book.
