PRESIDENT'S REPORT

Hi everyone

It was short notice but a few members were able to visit the Australian Aviation Museum at Bankstown Airport last month. It was an interesting morning with a personal guided tour from Michael a volunteer at the site. He gave us a two and a half hour tour of the Museum.

Among the collection of all things aviation were the following:

An A 3-44 Dassault Mirage 110 Jet - the fastest jet Australia has ever purchased
Transavia PL-12 Airtruk

Harley Newman Gyrocopter

Historic Uniforms and Flying Apparel

HS - 748 Surveillance Aircraft

And so much more

The museum is a non profit organisation run by volunteers and well worth a visit. The Museum is being relocated so we will endeavour to visit again before they move.

Next Month - check out:

The CMC Shannon's Sydney Classic at Eastern Creek on Sunday August 17, get your Leylands ready to join us at this great day where over 1900 veteran and classic vehicles will be on display! There is so much to see! Talk to Troy or Peter for any information.

Looking forward to seeing everyone at our Wednesday night meeting.

Cheers

Peter O'Brien

MEMBERSHIP DUE DATE

Membership fees due 30th June 2014

If you would like to renew by Direct Debit, please email, to let us know its been paid by direct debit or send Payment, to

For more information contact Troy or Hal Moloney

WE WELCOME BACK TO AUSTRALIA

To Kevin Ward who has just returned from an overseas Holiday

Australian Aviation Museum

Well our outing to the museum was a great day & the weather was just right. We arrived about 11am at the venue situated in Starkie Drive Bankstown Airport.

The Reception area is very well laid out with many model planes on display, there is a great deal of interesting aircraft memorabilia & also items For Sale.

Our tour guide was Mike who is a retired engineer, he is such a knowledgeable person who has a great dedication to the museum.

Many of the planes are being restored & some of these include a Drover VH-FBC, Dove VH-DVE, Nomad & many others & there is a great deal of volunteers working on projects. The Collection includes a reproduction of the Junkers W33 Float Plane Atlantis, this aircraft was manufactured in 1984 for use in an A.B.C Television Series "TILTED" FLIGHT TO HELL which is about 2 German flyers lost on the West Australian Coast in 1932. The cost of the re production was over \$150,000 & was powered by a Daimler car engine.

Mike told us that unfortunately the museum will be moving in about 18 months to 2 years to a new location at Camden Airport where a new building is now under construction. At the conclusion of the tour we thanked Mike for the guide & headed off home after a very interesting day.

This is a place we must visit again before the move.

Joe Green
