FROM THE EDITOR

Well I've just been sitting down sorting out this months newsletter, as it always turns out there seems to be an odd page needed to fill in the gaps.

The club has progressed well over the year and has had a very firmly established nucleus of members which has consolidated its success. Hopefully this shall continue , but also I would like to stress new ideas and other members can help.

Although I was not able to attend the last meeting I was pleased my idea of a periodical update of parts being repaired or re-manufactured had been enthusiastically endorsed by our club. Brendon Jones will be compiling this list so if you have some useful information being from individual or club sources please provide it as we will all benefit from this directory.

The Easter Meeting is well in hand and I believe is practically booked out, most members will look forward to this event, but for those who shall miss this National Meeting the next one will be round the corner before you know it.

Steve appears to have the Easter Magazine well organised and I would go as far as to say that this will be a great edition even though he is experiencing a few let downs. Get your articals in SA members.

Recently several of our members went to the Bendigo Swap Meet, as this was my first time I found the event quite an experience in the fact there is still quite a few new and second hand bits & pieces emerging from the woodwork. David's van looked like a Treasure Trove of booty when we left the grounds. Anyway we had a good time and good company and I am looking forward to next year.

As I have a lot to do this month I'll keep this brief as I usually do, so on that note I would like to wish our members A Merry Christmas and Happy New Year

Geoff

Season's  
Greetings

Dear Fellow Club Members Australia Wide,

Boy, it does not seem that long ago that I first wrote to you all about the South Australian National Meeting and the edition of "Anything But Average" that goes hand in hand with it, but well over a year has gone and only a few months remain until the big event. Take out the usual time warp that is Christmas, and Easter 1991 will be with us before we know it.

So this is it, the final, friendly, reminder for any articles you may wish to have included in the next issue of "Anything But Average". As my wife is having a baby in late February I intend to have the magazine completely finished by that time, hence the cut off date for articles will be the end of January. (If the article requires editing and is handwritten - such material being more than welcome of course - the cut off date is the end of December)

While I'm writing, I might as well admit it now that the magazine will not be of the standard I had hoped. The cost of quality paper, printing, and photographic reproduction was mind blowing and several people who made great promises (no P76 owners amongst them) failed to deliver. Okay, that's it, no more excuses.

A Very Merry Christmas To You All, Your Families, And Of Course To Your P's, And A Happy And Safe New Year,

Steve Westmacott.  
Editor,  
1991 "Anything But Average".

DASH MATS.....REAR MATS.....FLOOR MATS.....ETC..ETC.ETC..

As most of you are aware the club now has dash mats in stock for sale to members. Although only black ones are readily available please contact me if you desire one in a different colour. Availabilty will be within 48 hours (I hope) of receiving your money and order.

A mould has now been taken of the rear parcel shelf and I will have a mat for view at the December meeting

The cost of both mats will remain at \$40.00 each plus \$5.00 for post/packing etc if required. For prompt delivery please forward your money and desired colour to me.

As your club has invested in these moulds please support this venture. The club owns the moulds and the mats will not be sold to any other person unless purchased through the club.

Exact Fit have offered to supply a very high quality floor mat with the words P 76 embosed in the heel rest. (exact style and wording still under discussion) However as the cost involved in obtaining the embosed heel rest is quite high (they come from Perth) an initial order of 20 sets is required. The cost will be \$50.00 a set and again only available through the club. The price is a wholesale price to members only. (set is front and rear)

Exact Fit have also offered to supply an exact fitting floor carpet (front and rear) with cut outs for the dip switch, seat runners, etc as per original manufacture.

They have assured me the carpets will be of a higher quality than that already available and that they will fit better than those available. However once again due to the high cost of setting up a mould (approx \$1,000) we would need to have about 15 confirmed orders. The cost will be approx \$150.00. (per set) (\$10 for p/p/h)

Please contact me as soon as possible if you wish to place an order for any of the above items. Pending the success of this venture, I hope to be able to arrange for a supply of these items to be available for the National Meet for sale to our interstate members.

.....Keep P...ing and Merry Christmas

## BRAIN TEASER

This is not a test of your mathematical ability. It will, however, test your mental flexibility and creativity. Since the quiz was developed, it has been found that few people can solve more than half the questions in the first try. Many get the answers long after the quiz has been set aside and may even get them all over several days. Take this as a personal challenge.

INSTRUCTIONS: Each question below contains the initials of words that will make it correct. Find the missing words:

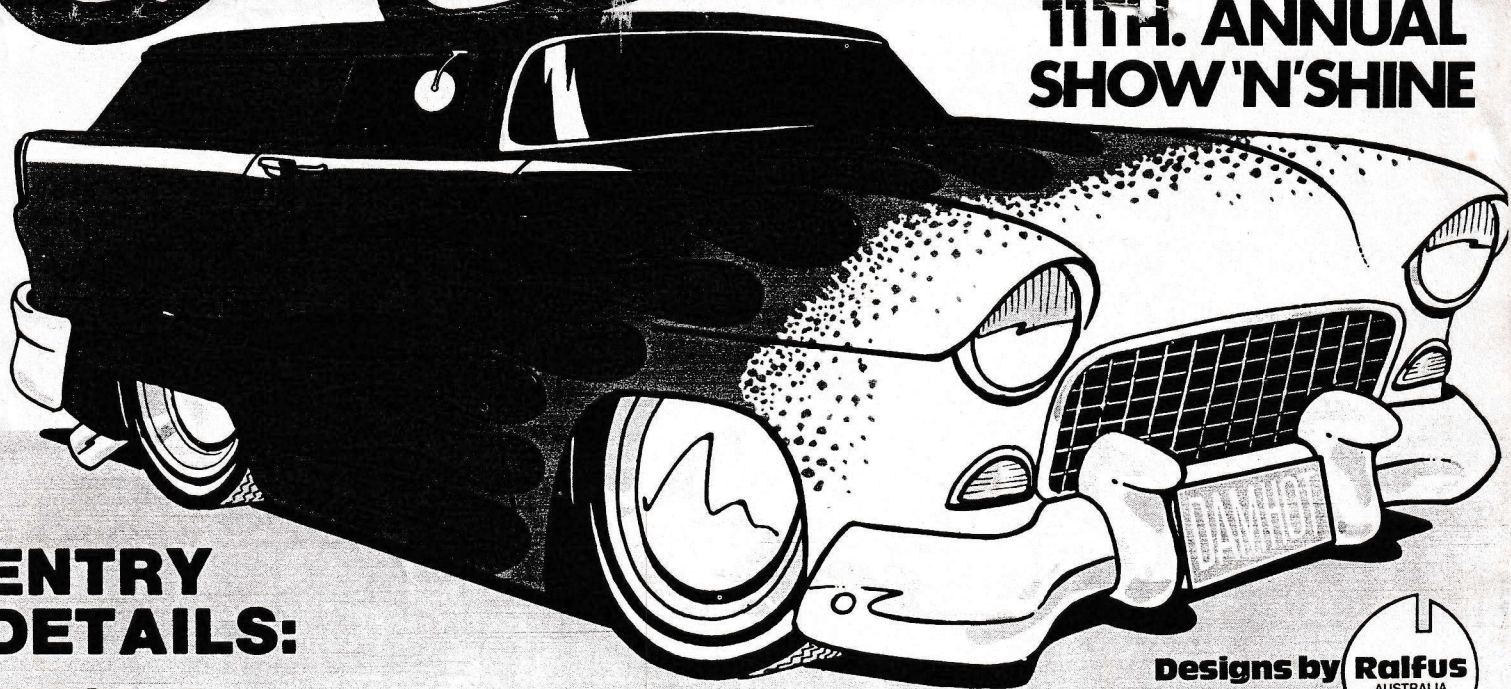

Example: 60 = M In a H (minutes in an Hour)

2. 7 = W of the A W .....
3. 1001 = A N .....
