# Information on the Bublacowie Military Museum

## Museum Features

### Local History

The museum also includes a considerable display of local school & farming history in urate exhibits, which include photographs of blacowie School, local families & farming communities.

### Souvenir & Craft Shop

Whilst visiting don't forget to browse through the Craft Shop.

### Refreshments

drinks, Tea & Coffee facilities are available in our function centre dining room.

### Want Lunch?

Enquire about our BBQ packs.

## The Venue

Set in two acres of native trees and shrubs, in the midst of the rich wheat and barley growing area of the Yorke Peninsula, the museum has ample space for camping, including dormitory style bunks and sites for vans and tents.

### Admission to premises

Adults ~~\$8.00~~ 10.00  
Child under 12yrs \$4.00 \$5.00  
Schools groups \$1.00 each

## The Museum

Built on the grounds of the former Bublacowie Single Classroom School, which is now Chris's private residence.

The museum was built by Chris and his wife Enid (deceased) to perpetuate memories of the sacrifices made by so many in all conflicts and to help our young learn of our military history.

### Christopher Soar B.M.

himself a Malay and Vietnam Veteran, follows family tradition, his father serving in WW2, Royal Marines and both his Grandfathers who served in WW1.

Apart from the visual Medals, Uniforms and memorabilia, the museum contains photographic and personal items from a considerable number of local servicemen and women who served their country in all major conflicts.

## ***PRESIDENT'S RAMBLINGS***

Well here we are another year on, I hope you survived the seasonal festivities and I wish you all a prosperous 2013. For those of you with work or otherwise who have to sign and date documents or something similar, it's time to get used to 2013 instead of 2012 but I guess that will come quickly.

I have been chipping away at Sherman in the shed. Power steering rack stripped and replacement seals sourced although this is a lousy time of the year to be chasing mechanical bits and pieces with suppliers closing down for the Christmas break. Starting to clear out the engine bay in anticipation of an engine swap and Di's desire to have an auto again. Changed the passenger front door to a rust free version. Had done this in the past with another body assisting but this time had to do it in the peace and quiet of my own company. I fashioned a "support module" utilizing a sack truck and plywood offcuts. This held the door up to enable the hinge nuts to be released, a gentle pull sideways and the door was off, reverse this procedure to install replacement door.

This year we (P76) are 40 years old or young depending how you look at it, and we will be celebrating this through the year. There will be something on in Canberra for the anniversary of the original release of the car in June.

Meanwhile stay cool where you can, bit of a heat wave on at the moment, and be good within your limits anyway.

Nigel
